

Supervision Policy

EYFS:3.9-3.18, 3.20-3.26, 3.29, 3.63

The nursery manager is responsible for ensuring all the team, including students, are suitable to work with children. Checks are carried out via an enhanced DBS check. Where possible the member of the team will have the checks completed prior to starting employment. However if there are delays in checks coming through as a last resort a colleague may work in the nursery before these checks are completed but they must be supervised at all times by staff who already hold an enhanced DBS check and the check has been applied for.

All nursery staff will be informed of any staff awaiting enhanced DBS checks.

Staff awaiting these checks will never:

- Be left unsupervised whilst caring for children.
- Take children for toilet visits.
- Change nappies.
- Be left alone in a room or outside with children.
- Administer medication.
- Administer first aid.
- Take photographs of any children.
- Be involved in looking at a child's learning and development log (learning journey), but can contribute to it.
- Have access to children's personal details and records.

While adhering to the above list, we recognise that it is vital that the staff member awaiting an enhanced disclosure is made to feel part of the team and we support them in participating fully in every other aspect of the nursery day.

We recognise that the enhanced DBS check is only part of a suitability decision and nursery management will ensure each individual working with a child goes through a vigorous recruitment and induction procedure (as laid out in the Recruitment Policy). We will also ensure they receive continuous support, training and supervision from management in order to provide a safe, secure and healthy environment for all children in the nursery. We act on any information that comes to our attention that suggests someone may no longer be suitable for their role.

All students will also receive an interview to ensure they are suitable for the nursery, an induction process to ensure they fully understand and are able to implement the nursery procedures, working practices and values. All students will be fully supervised to ensure they receive the appropriate support, training and information they may require.

We request confirmation that all necessary checks have been completed by the agency before using any supply/agency staff. We have a short induction prior to them working with the children. It is our policy that all agency/supply staff are fully supervised and not left alone with children.

Once checks are obtained we record the criminal records check reference number, the date the check was obtained and details of who obtained it. We also collect this information for any agency/supply staff prior to using them.

Supervision of children

We have suitable staffing arrangements to meet the needs of all children and ensure their safety. The nursery manager is responsible for all staff, students and relief/agency staff receiving information on health and safety policies and procedures in the nursery in order to ensure they are adequately supervising the children, including whilst they are eating.

We ensure that children are supervised adequately at all times, whether children are in or out of the building, including eating through:

- Appropriately deploying staff members meeting the ratio and qualification requirements to ensure children's needs are met and continuing to monitor this across the setting regularly. This includes informing parents and/or carers about staff deployment, and, when relevant and practical involving them in these decisions
- Making sure that every child is always within the sight and/or hearing of a suitably vetted member of staff
- Completing registers as soon as soon children enter and leave the premises and carrying out head counts throughout the day
- Risk assessing activities/experiences and equipment to ensure children are not exposed to unnecessary risks, including removal of any choking hazards and fully supervising any activities that may pose this risk
- Ensuring children are fully supervised at all times when using water play/paddling pools as we are aware that children can drown in only a few centimetres of water
- Taking special care when children are using large apparatus e.g. a climbing frame, and when walking up or down steps/stairs
- Support children to identify, minimise and manage risks in their play
- Making sure staff recognise and are aware of any dangers relating to bushes, shrubs and plants when on visits/outdoors
- Supervising children at all times when eating; monitoring toddlers and babies closely and never leaving babies alone with a bottle. Babies are always bottle fed by a member of staff Supervising sleeping babies/children and never leaving them unattended
- Never leaving babies/children unattended during nappy changing times
- Supervising children carefully when using scissors or tools, including using knives in cooking activities where this is required

- Increasing staff: child ratios during outings to ensure supervision and safety (please refer to Outings policy)
- Strictly following any safety guidelines given by other organisations or companies relating to the hire of equipment or services e.g. hire of a bouncy castle and a member of staff MUST supervise the children at all times.

Supervision of Visitors

We take all reasonable steps to ensure the safety of children in our care. This includes making sure any visitors to the nursery are properly identified and supervised at all times.

All visitors must sign the visitors' book on arrival and departure.

Visitors may include prospective parent/carers, other professionals e.g. local authority workers, Ofsted inspectors, people in the community that may come to talk to the children e.g. librarians, contractors to complete work, deliveries etc.

Where applicable, we ask visitors to book in advance, so arrangements can be made to accompany them. Identity is checked of any visitors attending in a professional capacity e.g. Ofsted inspectors, speech and language therapists.

All visitors are informed of any relevant policies including the fire evacuation procedure and mobile phone, camera and other recording devices policy including use of smartwatches.

A member of staff must accompany visitors in the nursery at all times while in the building; at no time should a visitor be left alone with a child unless under specific circumstances arranged previously with the manager.

Security

- Staff must check the identity of any visitors before allowing them into the main nursery. Visitors to the nursery must be recorded in the Visitors' Book and accompanied by a member of staff at all times while in the building
- All external doors must be kept locked at all times and external gates closed. All internal doors and gates must be kept closed to ensure children are not able to leave the nursery unattended
- Staff, parents, visitors and students are reminded not to hold doors open or allow entry to any person, whether they know this person or not. Staff within the nursery should be the only people allowing external visitors and parents entry to the nursery
- The nursery will under no circumstances tolerate any form of harassment from third parties, including visitors, towards others, including children, staff members and parents. The police may be called in these circumstances.
